## ***Paid on Call Firefighter Job Description***

### **Summary**

To provide basic manpower for firefighting, emergency medical care, emergency management, fire prevention and public education activities within the Town of Danville, Center Township and Marion Township, Hendricks County, Indiana and adjoining areas as necessary according to mutual aid agreements and requests for service.

### **Essential Duties and Responsibilities**

These duties are a guideline for this position, other duties may be assigned:

While in the position of Firefighter you will be expected to perform the following operations:

Stretching hoselines, correct placement of and operation of hose streams, ventilation techniques, operation of fire extinguishers, and operation of small power equipment such as saw, fans, and extrication tools. Entrance into hazardous atmospheres (burning structures) to effect rescue and property loss by confinement and extinguishment of fire or mitigation of other emergency situations not involving fire. The proper placement, operation of ladders, and the performance of salvage and overhaul. The Firefighter must provide emergency medical care according to protocols established by the Medical Director and Hendricks Regional Health through the affiliation agreement. The Firefighter is responsible for doing those things necessary to maintain State of Indiana Emergency Medical Technician - Basic certification including attendance of in-services, continuing education, and reporting training to the designated training officer. All personnel shall maintain stations, equipment, and apparatus as described by Fire Department policies. Drive all departmental apparatus in a safe conscientious manner at all times. Maintain an acceptable level of physical fitness. Must adhere to all rules, regulations, policies, Standard Operating Guidelines, medical protocols, and orders from superior officers including any changes or updates made as the department grows and changes to better serve the community. General operation of his/her assigned station as directed by your Station Captain. As a Firefighter you must act with skill, discipline, and compassion while exercising the highest level of common sense, professionalism, and safety possible.

### **Supervisory Responsibilities**

Under normal conditions the Firefighter will have only those duties assigned by his/her Station Captain. The Firefighter reports directly to his/her Captain.

### **Qualifications**

To perform this job successfully, an individual must be in good physical shape, have good people skills, and a good work ethic. This person must be able to work in all conditions and in rapidly changing environments.

## **Education and/or Training Requirements**

To hold the position of a Paid on Call Firefighter with the Danville Fire Department you must complete the following training course in the set time frame:

1. Complete the required Basic 24 hour Firefighter education and Hazardous Materials Operations Level class through the State of Indiana within three (3) months from your hire date before responding to any incident scene.
2. Must start State of Indiana Firefighter I & II Course and State of Indiana Emergency Medical Technician – Basic Course within eighteen (18) months of your hire date. These training courses must be completed within three (3) years of your hire date.
3. All personnel must accumulate a minimum of twenty-four (24) hours of training per year.
4. All personnel must meet the minimum mandatory training requirements of the Public Safety Training Institute and State of Indiana EMS Commission once certifications are obtained.
5. If any of the above requirements are not met the employee will be subject to disciplinary action.

## **Attendance Requirements**

1. Paid on Call Firefighters are required to fulfill thirty (30) hours of participation per quarter year. This includes runs, back fill, station fill in, and the monthly training sessions held every month.
2. Violation of the thirty (30) hour minimum once receives a letter of reprimand and any other violation of the policy within a period of one (1) year will result in termination from the Danville Fire Department. Exceptions are approved absences for longer than three (3) months at the discretion of the Chief of the Department.

## **Language Skills**

Must be able to communicate with good written and oral skills in a group setting.

## **Mathematical Skills**

Must be able to complete basic mathematical equations.

## **Reasoning Ability**

Ability to solve practical problems and deal with a variety of concrete in situations where only limited standardization exists. Ability to interpret a variety of instructions in written, oral, diagram, or schedule form.

## **Physical Demands**

Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions of this job as long as those accommodations would not interfere with emergency operations or endanger the lives of civilians or firefighters.

This job is extremely physical at times. Some of the tasks involve pulling and moving heavy objects, lifting and moving heavy objects, climbing to high locations via ladders, overhead work, under grade work, standing or sitting in the same location for long periods of time, quick movements and many other possible situations. Also the ability to step, crouch, kneel, stretch, and perform other types of maneuvers frequently is a must.

## **Work Environment**

Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions as long as those accommodations would not interfere with emergency operations and endanger the lives of civilians or firefighters. The work environment is ever changing; it can go from day to night, extreme cold to extreme hot. Work in these environments can last for several hours or even days. The chance of working in high locations, water, snow, severe weather, wind, mud, sand, and wooded areas is a great possibility. Going from a sound sleep to immediate response and work is commonplace in this position. Exposure to fire products, electric hazards, explosive hazards, moving parts, loud noise, communicable diseases, etc. Are also possible.
